Article 28: Children have a right to a primary education.

11th February 2025

Dear Parent/Carer,

### Safer Internet Day

Today is 'Safer Internet Day' and the children have had an assembly recapping how to stay safe online.

As part of your child's curriculum and the development of their computer skills, we provide access to the internet during different lessons. We strongly believe that the use of the internet is hugely worthwhile and an essential tool for children growing up in the modern world. Therefore, it is vital that all of our children know how to stay safe online.

As a parent/carer, you will also know how beneficial the internet can be to children - they can use it to learn, play, socialise and express themselves. It is a highly creative place with amazing opportunities. Nevertheless, the technology that children use every day can seem a bit daunting and you might worry about the risks that your child can face online, such as bullying, contact from strangers or the possibility of them seeing illegal or inappropriate content. Therefore, we have added below some useful web addresses that provide further assistance and information on E-Safety; some useful sites for resources and information; some links to websites and apps that we use in school so the children can share their learning with you at home and a poster that you may wish to share with your children. There is also an e-safety page on our school website with additional information.

I hope you find this information helpful.

Yours faithfully

Mrs R Warner  
 E-Safety Champion

**Be SAFE Online**

- 1** I only go online with a grown up
- 2** I am kind online
- 3** I keep information about me safe
- 4** I tell a grown up if something online makes me unhappy
