SCHOOL NURSING

Dorset HealthCare
University
NHS Foundation Trust

We work across Education and Health, providing a link between school, home and the community. Our aims are;

- To promote the health and wellbeing of all children and young people and their families
 - To work with one school or a group of schools depending on an identified need
 - To work together with other Health Services, Education, Social Care and Voluntary Agencies to give children and young people the support they need
-

ACCESSING OUR SERVICE

- We provide virtual clinics for children, from the age of 7, experiencing problems with Enuresis (night time wetting)
- We are able to refer and signpost to other relevant services and Professionals
- We use our Request for Support form which can be found on our webpage, to accept referrals for children and young people from other services, schools or parents
- We have a texting service for parents/carers of school age children for advice and support

ParentLine 5-19

Confidential text messaging advice service for parents and carers of children aged 5-19.

ADVICE AND SUPPORT VIA Request for Support

Our Request for Support Form aims to provide every parent/carer, school, GP or other services (with parental consent), the opportunity to discuss any aspect of a child's health or well being with a member of our team, either via a virtual appointment, face to face or via telephone, where appropriate

We can support you with advice on the following:

- Bed Wetting
- Behaviour
- Nutritional Advice
- Sleep
- Toileting
- Emotional Wellbeing
- General Health and well being advice

We contact schools during the Autumn term to introduce ourselves and arrange the upcoming screening checks that Reception children will be offered

A video explaining the NCMP process can be viewed by parents/carers and children, the link below will also be sent in the NCMP notification letter sent to all parents/carers

What is the National Child Measurement Programme?

Every year one million Reception and Year 6 children are weighed and measured through the NCMP, which:

- helps government to plan and provide better health and leisure services for children
- gives you feedback on how your child is developing and a chance to think about any changes you can make to keep them as healthy as possible

SCHOOL ENTRY HEALTH QUESTIONNAIRE

- You will be sent a link to a digital Health Questionnaire via your child's school, please complete and submit
- You will be given the option to download or print a care plan for your child based on your responses along with resources, links and guidance
- If you identify any areas of concern we will be in touch about support or referrals that may be required
